NCRC Parking Lot and Roadway Renovation Projects

Roadway Renovation Phase 3 Impacts September 24th - 28th

- Vehicle access to parking structure (NC100), surface lot (NC99), and the horse shoe drive during this construction stage
- Pedestrian access route from NC99 and Parking Structure to Buildings 10, 16, and 18 and from B16 to North Campus Children’s Center
- Sidewalk closed
- Road closed for renovation
- Bus stops

Closed for renovation September 22nd - 28th (including sidewalk)

Access to NC99 and the parking structure will be from Huron Parkway or the east ring road. The horseshoe drive will only be accessible from the east and will be two way traffic during this stage of work.

Building 10
Building 18
