NCRC Quality of Life Survey

It is time for our 4th Annual Quality of Life Survey!

Multiple amenities have changed and/or improved within NCRC since the introduction of the Quality of Life survey, four years ago. Your input gathered in this survey has helped shape the Wellness Center, Flavors Cafeteria, collaboration spaces, security, student internships, exterior improvements, kitchenette spaces, upgraded conference room equipment, bicycle parking and increased bus services.

Your continued feedback is critical in our ability to make improvements that will positively impact your work environment at NCRC. Please help us continue to evolve and grow by participating in this short survey.
