OSEH will host our first Michigan Laboratory Safety Fair

University of Michigan researchers are invited to attend this fun and educational event. This will be a collective showcase of University resources and laboratory safety products. Attendees will move from table to table discussing the challenges they face and learning about solutions available.

10:00AM - 3:00PM
Thursday, October 16
Palmer Commons
Great Lakes Room

OSEH representatives will be on hand to address your questions with regard to Biological Safety, Research Health & Safety, Radiation Safety, Hazardous Material Management, Ergonomics and Sustainability issues.

Visit our vendor expo where you can see the latest research products and services, try on samples and meet with the experts from 17 different suppliers. They will showcase everything from personal protective equipment, flammable storage cabinets, signs, labels, containers, and equipment.

Meet other researchers and network at a location conveniently located only a short bus ride from your lab. We will have food and give-a-ways as well as prizes!
