NCRC Wellness Center

Starting this summer we will begin a monthly membership fee of $10 for all members of the NCRC Wellness Center.

This low monthly fee will enable NCRC and MHealthy to continue this convenient amenity as well as upgrade our facility services to include a towel service for the showers and a water cooler in the equipment room.

The first 500 people to sign-up for the Wellness Center monthly fee will receive a NCRC Wellness Center BPA Free Water Bottle.

We will communicate the details of an exact start date and payment methods in upcoming newsletters and on the Wellness Center Website.
