“Connections Gallery Competition”

Ann Arbor Camera Club Competition

April 1 through June 28, 2013
Connections Gallery
NCRC Building 18

NCRC Art invited the Ann Arbor Camera Club to a photo competition. Eleven images were selected from 45 submissions. The proposed themes include abstracted or experimental images. Each selected photographer offers different approaches to technique, imagery, color, etc. The Ann Arbor Camera Club have generously donated these images to become part of the NCRC permanent art collection. We plan to display these images in Flavors.

The competition jurors include David Canter, Shane Fortune and Maureen Devine.

Please visit the Connections Gallery (by the tunnel) to learn more about each photographer, the techniques used and the many professional ties to science.

Facilities
