NCRC in the Spring Time

Spring is in full swing at NCRC! Our 2nd year of perennial flowers have started to bloom and there are new trees and vegetation being planted along Plymouth Rd this week!

The courtyards are now open for everyone as well. Benches, chairs and tables have been placed outside for those wishing to take a break outside, host a small meeting or enjoy their lunch.

Spring is also a great time to take An Exercise in Art, the outside sculpture walking tour!
